Re: Phillips 66 Bayway Refinery
USEPA FRP #0200582
Facility Response Plan Amendment

Dear Sir or Madam:

The Phillips 66 Bayway Refinery has completed a review of the Refinery's Facility Response Plan. Update sections are provided for your review. The changes have been highlighted for your convenience. The following is a summary of the changes:

- Section 1.0 Page 1: The Plan Contact person has been changed.
- Section 1.0 Page 3: The Record of Revisions has been changed.
- Section 2.0 Pages 10 and 11, Table 2.2: Minor changes have been made to the Emergency Notification List.
- Section 4.0: An updated Emergency Response Team organizational chart has been provided.
- Section 6.0: Page 2 has been revised to reflect changes in off-site disposal facilities that are in use.
- Appendix A: An updated General Site Plan has been provided. The drawing generally contains updated locations where drums and totes are stored and reflects that an onsite wastewater retention basin has been removed.
- Appendix E: A new letter of commitment from the Clean Harbors Cooperative has been inserted.

- Appendix F: An updated Response Team contact list has been provided.
- Appendix K: Updated tables pertaining to storage tank containment volumes and tank status has been provided.

If you have any question or require additional information, please contact me at (908) 523-5349,

Sincerely,

Howard Goldman
Senior Environmental Consultant
